

# JEAN M. THOMSEN MEMORIAL LIBRARY

## 2022 SUMMER LIBRARY PROGRAM INFORMATION

### Parents & Guardians,

Thank you so much for participating in the Jean M. Thomsen Memorial Library's 2022 Summer Library Program!

This summer, we will be walking to the Jeanne's Way Story Trail near the Stetsonville Elementary School on June 8th and July 20th to read two different stories and enjoy nature (weather permitting). This requires that all attendees cross HWY 13. Children will be accompanied by library staff and volunteers, but please fill out the form below to acknowledge that you are comfortable with this.

We also want to make our programs accessible to everyone. If you would like to make us aware of any allergies your child has or any accommodations they may need, please do so.

### Best,

Carla Huston
